“SERVING OUR FLOCK...”

Workshop Name: Equipping Disciples

Date and Time: Friday, October 15, 2021 – 11:00am

Instructor: Dominique Turner, MPA

Instructors E-mail address: DominiqueDTurner@gmail.com

Purpose:

The purpose of this session is to expose participants to a model of discipleship that I will refer to as “lifestyle discipleship”. This model of discipleship was exhibited throughout the lives and ministries of The Rev. Dr. Lewis M. Anthony and The Rev. Dr. Kathryn G. Brown. Through a conversational approach to learning, my special guests and I endeavor to aide lay participants in discovering the importance of the discipleship ministry within the frame of an informal presentation.

Learning Goals

1. Identify common elements of discipleship such as the definition of the term and critical elements such as who can disciple and who can be discipled.
2. Expose participants to a discipleship model that is useful for individual and organizational discipleship ministries.
3. Model a conversation about discipleship and its importance that local churches can utilize to shape initiatives that various ministries throughout the church can participate in.
